

Ladies & gentleman:

“WE’VE GOT HIM”

Those were legendary words of Paul Bremer (USA)
And to be honest this feels, in a different perspective, the same.

Björn Dunkerbeck joins International Mystic windsurf team!

After introducing Mystic this year to the windsurf market we were looking for a real **super star** to be the ‘face’ of our brand.

Our first choice of course was the “terminator” and we are very proud to announce that 12-times overall PWA world champion **Björn Dunkerbeck** is now part of the Mystic team. From today Björn will be the main man fronting our windsurf activities and will give ‘act de presence’ with Mystic wetsuits, harnesses and accessories.

On-shore Björn will be dressed with Mystic casual clothing, which we will be launched during spring 2008. Björn Dunkerbeck will bring more than 20 years of professional boardsailing experience to our R&D activities, so be sure that we will come up with new brand innovations.

Björn joins the International Mystic Windsurf Team consisting of: Boujmaa Guilloul (MOR), Kevin Mevissen (NED) and John Hibbard (GBR).

With this step we feel that after the major success of Mystic in the Kitesurf market the same will happen with Mystic windsurf.
